Greetings

Please find enclosed the petition from your Union in regards to the problems of closures at the Canadian Post Office. This was signed by a number of the delegates to the Stratford and District Labour Council and members of Local Lodge 1927 of the International Association of Machinists and Aerospace Workers. All signers are area residents of Stratford, Ontario.

The Labour Council has also passed the resolution sent from CUPW and has passed on letters to the Minister, MP Gary Schellenberger (Perth Wellington) and the President of Canada Post.

We hope that these efforts help CUPW in its quest for justice for its members and that Canadians access to the mail is maintained or even enhanced by your actions.

In Solidarity

Charles Muma
